THE CHILIAN WAR.

Some Information Received from a Private Source.

THE BLOODTHIRSTY NATIVES.

They Mean to Fight and Fight to Kill. No Prisoners Taken—Military Dictatorship Reigns Supreme—Insurgents Having Things Their Own Way.

BRADFORD, Pa., Aug. 3.—The following is an extract from a private letter received recently from an officer of the United States navy, well known in Bradford, and at present attached to the South American squadron.

"The insurrection or unpleasantness, now in full blast throughout Chili, and particularly in and about the central and northern parts, is hot and interesting enough to satisfy the most bloodthirsty. These Chilians believe, as did Beauregard, when he asked permission of the Confederate war secretary to raise the black flag and take no prisoners, that war means fight and fight means kill.

"Ambulance corps and field hospitals are, to either side, useless encumbrances. Surgeons have become line officers and ambulance corps are active fighting organizations. No quarter is given and none expected by either side. It has become a war of extermination. The military control the election and military dictatorship reigns supreme. A censorship over the press, the telegraph and the mail is carried on. Balmaceda, supreme dictator, governs without a cabinet, and until recently, without a congress.

"At present the insurgents seem to be having things their own way. I notice in recent copies of the New York papers reports to the contrary. These are all 'doctored' reports for foreign effect. They emanate from the Balmacedan censor.

"Several outbreaks have taken place in Buenos Ayres, others in the inland towns. Banks have, with few exceptions, suspended and trade is generally paralyzed.

"The Tallapoosa will never see her native heath again. She is tied fast to the dock at Buenos Ayres, afraid to let go for fear she will sink.

"While all the first-class cruisers are on the home station 'doing the grand' for the edification of the Newport swells, we, the South Atlantic squadron are kept busy skinning into same port every time rain falls under fear of going to the bottom of the sea."

SUNDAY LAW.

A Decision Rendered in a Famous Sabbath-Breaking Case.

MEMPHIS, Aug. 3.—E. S. Hammond, district United States judge, Saturday, handed down his decision in the now famous case of R. M. King, the Seventh Day Adventist. King was convicted a year ago of Sabbath breaking, by plowing on Sunday in Obion county. He appealed to the supreme court and the sentence was affirmed. Then the Adventists and the National Secular association took up the case. Don M. Dickinson was engaged as counsel, and the case was taken to the federal court last November on a writ of habeas corpus, the contention being that the conviction was contrary to the bill of rights of Tennessee and the constitution of the United States, and that the defendant was held prisoner by the sheriff without due process of law. The application was argued several months ago and Judge Hammond has had it under advisement ever since.

The opinion is a lengthy and learned document and dwells exhaustively on every phase of the arguments advanced in favor of the religious prisoner. The defendant, however, is remanded back to the custody of the sheriff to pay a fine or serve the time in lieu, according to the sentence. The decision is based not so much on the constitutionality of Sabbath laws as upon the fact that King was convicted under due process of law, and it is not in the province of the federal court to review the case.

Effects of a Flood.

NEW ORLEANS, Aug. 3.—A dispatch from Grenada, Miss., says that reports are coming in from points along the Yallahush river to the effect that whole farms have been inundated, some of them having been under water for sixty hours. The Illinois Central railroad tracks were under water between Grenada and Duck hills and that trains had to lay over several hours last night. Entire fields of corn and cotton were washed down and covered with mud. The river has now reached its height and is falling.

A Mob's Brutal Work.

MONTGOMERY, Ala., Aug. 3.—Last Friday night in Henry county, a short distance from Gordon, a mob took from officers four negroes—two men and two women—who were charged with burning a dwelling house. On the way to the river one of the men escaped and was shot at. He rolled down the bank of the river and by feigning death escaped into Georgia. The others were placed on the bank of the stream and shot. The body of one of the women was recovered.

Fatal Ending of a Quarrel.

NEW YORK, Aug. 3.—William McLaughlin, aged 28 years, of 125 West Fifty-seventh street, was shot and killed by William Halley, aged 50 years, during a quarrel last night in front of the latter's residence, 420 East Eightieth street. Halley was arrested.

Two Miners Killed.

WILKESBARRE, Pa., Aug. 3.—John Evans and Michael Shinee, miners in the Boston mine at Plymouth, were killed yesterday by being buried underneath a mass of coal and rock, which fell from the roof of the mine.

SHOT THREE TIMES.

Bob Ingersoll's Private Secretary Hovering Between Life and Death.

CROTON LANDING, N. Y., Aug. 3.—J. Newton Baker, a private secretary of Robert Ingersoll, and a resident of this village, was shot in the arm, head and just over the heart by Orville Anderson, in front of the town hall Saturday evening. His condition is critical. Baker and Anderson live in the same house. They met on the street opposite the town hall, and after exchanging a few words Anderson shot Baker as related above.

Later particulars show that the shooting of Baker grew out of the trouble which first originated between the wives of the men and which the latter took upon themselves to adjust. Finally the feeling became so intense that both husbands threatened to take each other's lives. Anderson left his home Saturday evening with the evident intention of intercepting Baker. Mrs. Baker watched him and evidently divining his object followed him. She came up with the two men as they were talking the matter over and informed her husband that Anderson had insulted her. Baker resented this and after a few angry remarks Anderson drew a revolver. Baker also drew a pistol.

As both men drew their revolvers Mrs. Baker rushed towards her husband, threw her arms about him, trying to shield him. Both men were wild with rage. Baker tried to shoot, but his wife prevented him. Anderson was also afraid to shoot fearing to hurt the woman. He retreated, seeing that Baker had the advantage and took refuge behind a tree. While Baker was struggling with his wife Anderson closed on him. A desperate struggle ensued, Mrs. Baker, having become exhausted, swooned. Both men fought for their lives. Baker's weapon fell from his hand and Anderson fired three shots at his antagonist in rapid succession. After the shooting Anderson walked coolly away, leaving Baker and his half-carved wife on the roadside. Anderson was at one time the New York agent of the Louisville Gas company.

LETTER CARRIERS.

Second Annual Convention of the National Association.

NEW YORK, Aug. 3.—The second annual convention of the National Association of Letter Carriers will be held in Detroit Aug. 5, 6 and 7. There are 235 branches attached to the organization, representing a membership of 8,000. Each branch is entitled to at least one delegate for every fifty members. This city will be represented by twelve delegates. The association was formed in 1889 at Milwaukee.

The officers are: President, John J. Goodwin, Providence; vice president, R. R. Sampson, Chicago; secretary, John F. Victory, New York; treasurer, T. H. Lorch, Milwaukee; sergeant-at-arms, B. W. Washington, Memphis. Executive board: John J. Goodwin, John F. Victory, Harry Cummer, of Buffalo; F. W. Campbell, of Minneapolis; George Sweeney, of Cincinnati. Legislative committee: Theodore C. Dennis, of Boston; Wilmot Dunn, of Nashville; George J. Kieffler, of Omaha; C. W. Morton, of Brooklyn, and H. M. Day, of St. Louis.

The objects of association are to establish a reliable and economical insurance for the members and to effect reforms by legislation in their behalf.

CHURCH RIOT.

An Outbreak Between Slavs and Hungarians in Cleveland.

CLEVELAND, Aug. 3.—Four hundred members of the congregation of St. Ladislaus church engaged in a serious riot in this city yesterday. The congregation is about equally composed of Slavs and Hungarians who do not affiliate, and it has been customary to hold services for the former in the morning and for the latter in the afternoon.

Yesterday the Hungarians wanted to dedicate a banner and hold their services in the morning, but they did not inform the pastor until Saturday and it was then too late to notify the Slavs. Both factions met Sunday morning and engaged in a free fight. The police were summoned and under their protection Father Maratoune was removed to a place of safety, though stones were hurled at him by the infuriated women. The police threatened to arrest the leaders of both factions and finally they dispersed though not until there were several black eyes and bloody noses.

A PREACHER AT A PICNIC.

He Makes the Rounds of the Crawfordsville Saloon, and Lands in Jail.

CRAWFORDSVILLE, Ind., Aug. 3.—Religious circles in Montgomery county are greatly shocked over the recent fall from grace of a prominent minister, Rev. J. W. Carney, a New Light preacher, of Wingate. He came to Crawfordsville Saturday to attend the big picnic given by the F. M. B. A. and Farmers' Alliance.

He brought his daughter with him, but deserting her in the crowd, he proceeded to paint the town in the most approved John L. Sullivan style. He visited nearly every saloon in town, boasted loudly everywhere of the great preaching he would do on the morrow, and finally landed in jail with the charge of plain drunk filed against him.

An Unsound Bond Company.

BOSTON, Aug. 3.—In the supreme court Friday Judge Lathrop issued an order of notice requiring the Columbian Bond Investment company to show cause why an injunction should not issue to prevent the company continuing its business. The company has issued 1,200 bonds of \$1,000 each, for which the holders pay a monthly assessment of \$1.50. The unsoundness of the company is the reason alleged why its affairs should be wound up.

THE GRAND ARMY.

People Flocking to Detroit from All Parts of the Country.

PREPARING FOR THE PARADE.

Tuesday's Display Promises to Be the Grandest That Was Ever Witnessed in That City—Partial Program of the Week's Exercises.

DETROIT, Aug. 3.—The parade of the veterans on Tuesday promises to be the grandest display ever made by the Grand Army. In numbers and equipments it is expected to go beyond any that have been held in other years. The Illinois veterans have been assigned the right of line. And will follow the commander-in-chief and staff.

The other departments will march in the following order: Wisconsin, Pennsylvania, Ohio, New York, Connecticut, Massachusetts, New Jersey, Maine, California Rhode Island, New Hampshire, Vermont, Potomac, Virginia, Maryland, Nebraska, Iowa, Indiana, Colorado, Wyoming, Kansas, Delaware, Minnesota, Missouri, Oregon, Kentucky, West Virginia, South Dakota, Washington and Alaska, Arkansas, New Mexico, Utah, Tennessee, Louisiana and Mississippi, Florida and Montana, Texas, Idaho, Arizona, Georgia, Alabama, North Dakota, Oklahoma, Indian Territory, Michigan, Naval Veterans, Sons of Veterans. The junction of Woodward and Adams avenue will be the starting point, the column starting promptly at 10:30 a. m.

The program of the encampment is as follows:

Monday, Aug. 3.—Reception of guests.

Tuesday, Aug. 4.—Parade of G. A. R., Naval Veterans and Sons of Veterans at 10:30 a. m.; at 8 p. m. reception and greeting to Commander-in-Chief Veazey and members of the G. A. R., Sons of Veterans and Woman's Relief corps at the Detroit rink; 9 p. m., reception at Camp Sherman to the commander-in-chief and veterans of the G. A. R.

Wednesday, Aug. 5, 10:30 a. m.—Twenty-fifth annual session of the national encampment of G. A. R. at Beecher's hall; 10:30 a. m.—Ninth annual convention of the Woman's Relief Corps at the Church of Our Father; in the evening there will be a grand naval and pyrotechnic display. There will also be campfires at the rink, at the exposition buildings and at the Central Methodist Episcopal church.

Thursday, Aug. 6, 10:30 a. m.—Adjourned session of the twenty-fifth annual encampment of the G. A. R. at the rink. In the evening there will be a banquet at the rink to the officers and delegates to the national encampment. There will be campfires at Camp Sherman and at the churches.

Friday, Aug. 7.—Riding about the city, excursions to various river and lake resorts, etc., at will.

The survivors of the famous Third Light brigade of the first division, Fifth army corps, will hold a reunion on Wednesday, with the Sixteenth Michigan volunteers. This was General Butterfield's brigade, which had the honor to be detailed to receive the surrender of General Lee's army at Appomattox.

The national convention of the ex-prisoners of war will be held Aug. 5 in the common council chamber; the National Association of Naval Veterans will hold their convention in the court house on Wednesday. On the same day there will be a reunion of army and navy musicians who served during the war. All who were in brigade or regimental bands, and those who served as buglers, fifers or drummers, whether they have made music a profession since the war or not, are invited to attend.

DR. JEKYLL AND MR. HYDE.

An Indian, a Relative of Hendricks, in a Dual Role.

CHICAGO, Aug. 3.—Lewis Leitzenberger, a relative of the late ex-Vice President Thomas A. Hendricks, was arrested Saturday night by officers who were looking for Tommy Morgan, a Chicago burglar. The arrest seems to have proved the truth of the apparently incredible report that Morgan and Leitzenberger were one and the same person.

The prisoner was shot July 14 while attempting to escape from a residence on Grand boulevard, which he was in the act of looting. The wound was not dangerous, and Morgan, or Leitzenberger, managed after several days to escape from the county hospital, to which he had been taken by the police. It was after his flight from the hospital that the queer rumors of his identity became current.

Advices from Indianapolis were to the effect that Lietzenberger was at one time wealthy and commanded considerable social influence. The search here for the mysterious burglar was kept up till yesterday, when the man with the dual life was caught sight of on State street and promptly arrested. On his person was found a number of tools, which he is said to have used in house-breaking.

Little Boy Drowned.

ST. PAUL, Aug. 3.—Paul Lantski, a little boy of this city, was drowned in the Missouri river last night. It is claimed that Frank Ratinski, aged 12, pulled the boy into the water until he was drowned, and Ratinski has been arrested. He declares that the Lantski boy was intoxicated and claims that he was trying to teach the little fellow how to swim.

Asking That the Law Be Enforced.

WILKESBARRE, Pa., Aug. 3.—At a mass meeting of the coal miners held at Plains resolutions were adopted requesting mine owners to comply with the two weeks' pay law. If the owners persist in their refusal to obey the law the factory inspectors will be requested to prosecute them.

FINANCIAL FIGURES.

Public Debt Statement for the Month of July.

WASHINGTON, Aug. 3.—The monthly public debt statement just issued from the treasury department shows a reduction in the debt during the past month, amounting to \$3,447,500. There was an increase of \$300 in the interest-bearing debt, due to the issuance of a small refunding certificate bond; a reduction in the non-interest-bearing debt of \$1,557,902, and an increase in the surplus or treasury cash during the month of \$1,889,907.

The aggregate of interest and non-interest debt to-day, less \$100,000,000 gold reserve and \$55,573,715 net cash balance or surplus, is \$849,465,243, and of this amount \$610,529,420 is interest-bearing debt, made up of \$559,660,220 four per cent bonds, \$39,189,700 four and a-half per cents, and \$1,679,500 four per cents continued at 2 per cent.

Government receipts from all sources during July aggregated \$34,300,344 against \$38,303,216 in July, 1890. Custom receipts were \$15,468,153 against \$23,953,886 in July a year ago; internal revenue receipts were \$14,551,867, against \$11,717,499 in July, 1890, receipts from miscellaneous sources were \$4,280,322, or nearly \$2,000,000 more than in July a year ago. Expenditures during the first month of the current fiscal year were \$39,719,651, against \$39,032,949 in July, 1890.

Venezuela and Uruguay.

WASHINGTON, Aug. 3.—The bureau of American republics is informed that the official reception of General Domingo Santos Ramos, the newly appointed minister from Venezuela to the republic of Uruguay, was attended with more than usual ceremony, as General Santos Ramos is the first diplomatic representative accredited by Venezuela to Montevideo. General Santos Ramos has taken a prominent part in the history of his republic, and was at one time a political prisoner in Guiana for eight years.

Secretary Blaine's Niece Injured.

WASHINGTON, Aug. 3.—Miss Margie Blaine, a niece of Secretary Blaine, was seriously injured Saturday evening by jumping from a carriage while the horse attached to it was beyond the control of the driver. Miss Blaine, in her fall, struck head foremost upon the pavement, causing concussion of the brain. The young lady was badly cut about the head, but the physicians think the injuries will not prove fatal.

Sugar Industry of Cuba.

WASHINGTON, Aug. 3.—Carefully prepared statistics of the sugar industry of Cuba show that in five years from 1886 to 1890 inclusive, the production of sugar and molasses was 3,987,128 tons. The exports for ten years from 1880 to 1890 were 6,351,129 tons, of which about 91.2 per cent. was sent to the United States.

STRIKING ITALIANS.

Eighty Terrorizing the Town of Tarleton, Ohio.

TARLTON, Aug. 3.—For four days this town has been in a state of ferment on account of eighty Italian laborers to whom two months' pay for work on the Lancaster and Hamden railroad is due for two days.

Colonel E. P. Buell, who is constructing the road and to whom the Italians look for their pay, has been held a prisoner in his office by the Italians, who threatened due vengeance. Saturday night Sheriff Wallace and Deputy McLane, with a posse from Circleville, were called here to effect Colonel Buell's release but failed to accomplish their mission on account of the demonstrations and desperate threats of the Italians.

Sunday at 8 o'clock they again made the attempt to liberate Colonel Buell from his predicament and succeeded, although bloodshed was looked for any moment. Revolvers, clubs, shotguns and stones were displayed by the infuriated Italians.

Sheriff Wallace and Deputy McLane stood in the office door with drawn revolvers. Colonel Buell was then escorted to a carriage by the officers, who started for Circleville, but the Italians, not to be cheated of their prey, accompanied the carriage on its way.

The penniless laborers guarded the carriage until it reached Circleville, where they were fed by the good citizens and their wrath somewhat appeased. Their boss, Mr. Prisco, claims they have been without food nearly three days. Buell claims only one month's pay is due the Italians and they will be paid.

SERIES OF MURDERS.

An Entire Family of Seven Persons Wiped Out of Existence.

CATLETTSBURG, Ky., Aug. 3.—Wayne county, W. Va., was the scene of a series of murders Friday night. Mr. Brumfield, his wife and five children were murdered in a most horrible manner and their bodies consumed by fire. About midnight fifty Italian railway laborers became drunk and started on a tour of devastation. The Brumfield family were thought to have considerable money. The Italians went to Brumfield's residence and were refused admittance. Doors and windows were then forced open. Mr. Brumfield, with his two half-grown sons, fought with desperation, but were finally murdered, their throats being cut from ear to ear and the bodies repeatedly stabbed. Mrs. Brumfield and her three little children were next killed by the drunken Italians who then searched the house for money and set it on fire.

Mr. Brumfield was influential and wealthy. Two or three years ago, while county commissioner, he opposed the building of a new court house and thus made many enemies. The court house was built, and it is thought that Friday night's work was the result of the old feud, and that Brumfield's enemies plied the Italians with liquor and then pointed out the path to the residence.

A BATH COUNTY man received vouchers recently for two pensions, one for \$6 and one for \$8. Raum is determined to get rid of what little is left of that surplus.

"Or what use," inquires an exchange, "is the protection of 36 cents a pound on scoured wool to the American farmer when he receives 9 cents a pound less than the foreign market price?"

The pensions will cost this year \$100,000 more than Grant and Garfield said would ever be required on this account, ten years after the close of the war, observes the New York World.

It is shown by the official returns that of the 405,664 immigrants who landed in New York harbor during the fiscal year ended June 30, 268,113 were males and 137,551 females. Of this number 811 were sent back in the ships that brought them hither, and 390 were placed under bond. While 106,436 are farm hands and day laborers, 71,607 are skilled workmen or engaged in professional pursuits. The rest, including the women and children, have no definite occupation. To this immigration the Slavics and Poles of Russia and Austria contribute nearly one-fourth, Germany one-fifth, and Italy more than one sixth.

"That despicable legacy of corruption left by the late Congress, the sugar bounty, is destined to cut a more notable figure in the Treasury statements than was anticipated by its advocates," says an exchange. "Ten millions was the extreme estimate of this tax, but the figures prepared for the Internal Revenue Bureau show that the payments for the first year will not be less than \$11,000,000, divided between 4,672 sugar producers. Of these 730 are makers of cane sugar, while no less than 3,932 are maple sugar boilers. The veteran Edmunds knew what he was about when he secured the insertion of that maple sugar paragraph in the bounty clause of the tariff act. Old Vermont will be solid for protection, sugar bounties, and all that, for years to come. Yet, if the Vermont sugar boilers are to be pampered with Government bounties, why should the Ohio wool growers and corn planters be neglected?"

A Traveling Man's Experience.

F. S. Verbeck, who represents the type foundry of Messrs. Barnhardt Bros. & Spindler, Chicago, says: "On my return home from a trip I found our little girl sick with summer complaint. I went to a drug store and procured a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. We gave her a few doses according to directions. She recovered in a short time and we were well pleased with the medicine." For sale by Power & Reynolds.

Foster's Forecasts.

St. JOSEPH Mo., July 31.—My last letter gave forecasts of the storm wave due to cross the continent from July 29th to August 2nd, and the next will be due to leave the Pacific coast about August 4th, cross the Rocky-Allegheny valley from 5th to 7th and reach the Atlantic coast about the 8th. This storm will have a tendency to increase cloudiness and fog, with a moderate amount of rainfall. The low barometer will probably take a southern route, with cool rains in the Northern States. Weather will be very changeable and a second storm wave will be due to leave the Pacific coast about the 7th, cross the Rocky-Allegheny valley from 8th to 10th and reach the Atlantic coast about the 11th. Sudden changes of the weather may be expected, and a third storm wave will leave the Pacific coast about the 10th, cross the Rocky-Allegheny valley from 11th to 13th, and reach the Atlantic coast about the 14th. These storms are not expected to be of very great force, but much unsettled and changeable weather may be expected from 4th to 10th. The weather will be favorable to the crops, and August will be the best graining weather of the summer. July is usually the hot month, but August will be the hot month this year. August weather will not average excessively hot, however. W. T. FOSTER.

Best Excursion of the Season.

The annual cheap excursion of the Big Four route to Niagara Falls will leave Central Union Station, Cincinnati, at 1:30 p. m. Tuesday, August 11th, and run via the famous Lake Shore and New York Central railways along the cool shores of Lake Erie. Only \$5 for the round trip, only \$1 more to Toronto, only \$5 more to Thousand Islands. Excursion train will consist of palace sleeping cars, reclining chair cars and elegant coaches and will run through solid to Niagara Falls without change. Every passenger guaranteed a seat or berth. Special train returning leaves Niagara Falls 8:30 p. m. Thursday, August 13th, but tickets good five days returning, making a trip down the beautiful St. Lawrence and through the Thousand Islands within the reach of all. Remember if you go via the Big Four route you have the choice of four daily trains returning, which is better service than any other line offers, making the trip without change of cars in either direction.

Wait for the big one, Tuesday, August 11th, and see that your tickets read via C. and O. and Big Four route. For full information write to any agent of the C. and O. railway.

River News.

Due up to-night: Bostona for Pomeroy and Scotia for Pittsburg.

The Big Kanawha is receiving an overhauling at Cincinnati.

The Chancellor, Stanley and Batchelor will pass down this evening and the New South to-night.

There are more boats now running on the Mississippi river than at any time during the last ten years, and every one of them is said to be making money.

The Cincinnati Gazette says: "An old-time set of steamboat machinery has turned up, and it is about the oldest set in use at the present time. The set in question was first used on the old side-wheel steamer Boone. After wearing that boat out it was placed on the Coal Hill, and did duty for about 24 years on that boat and is now and has been for some years on the Sidney Dillon, and is still in tip-top condition after about 35 or 40 years of steady work."

The Turf.

Bruce Carr, of Indianapolis, entered three of his trotters Saturday for the purse races at the coming Maysville fair.

Maud S. has the run of a paddock every pleasant day at the Tarrytown farm, but she is stabled in rough weather and at night.

Temple Bar, 2:17, is the winner of the \$500 offered by the owner of Egbert to the first one of that horse's get to beat 2:20 this season.

Knight Templar, a full brother to McAlister, has been placed in training on the Maysville track. He is owned by Enon Stock Farm, Beaver Falls, Pa.

The winner of the greatest number of races in 1890 was the bay pacing mare Lady Sheridan, owned in Athol, Mass. She has recently reduced her record to 2:19 in an eight-heat race.

Bosque Bonita's winnings in Europe a short time ago were just four times those of Margaret S., whose winnings of \$12,000 in 1890 were one of the largest on the American turf last season.

Those who thought \$105,000 an extravagant price for Axtell (2:12) will be surprised to learn from so good authority as the Terre Haute Express that his earnings in the stud during the past two years aggregate \$118,000.

Notice to Pensioners.

County Clerk Pearce will certify your vouchers for you Tuesday, August 4th, free of any charge whatever. td

The Concert To-Night.

The concert to-night at the Central Presbyterian Church promises to be largely attended. The object is a worthy one and the people of Maysville are always prompt to respond to an appeal of this kind. Last of the Season.

Best excursion of the year to the sea shore at Old Point Comfort. The Chesapeake and Ohio Railway Company will run a special train to Old Point Comfort August 18th, leaving Maysville at 9:58 a. m., and running through to Old Point at remarkably low rates, round trip rate from Maysville being \$12.50. Tickets will be good going only on special train, but will be good to return on any regular train, stop over privileges being granted on the return trip. Tourists can avail themselves of the cheap side trips from Old Point Comfort and intermediate junction points to Washington and return via Potomac river steamers and to New York and return by the Old Dominion Steamship Line, to Luray Caverns, Natural Bridge and many other places of interest. Tickets will be good ten days returning.

Pullman sleeping car space can be procured on train, but to make sure, application should be made to C. and O. ticket agents at once. tf

Railway News.

The Kentucky Union Railroad from Lexington to Jackson passes through some very beautiful scenery. It is likely the headquarters of the company will be removed at an early day from Clay City to Lexington.

A passenger conductor who has been nearly thirty years in the service has kept a memorandum of accidents which occur in the night for a few years past, and he was struck, a few mornings ago, when looking over his list, to find that fully 75 per cent. of these accidents occurred between the hours of 3 and 4 a. m., and he attributed this to the fact that the men who have been on trains all night, or from 10 to 11 p. m. until morning, become tired, sleepy and careless.

Advertising Aphorisms.

It is the drop of water that wears the rock.

Early and often should be the advertiser's motto.

Advertising, like the honey bee, should have its sting in its tail.

Ten one-cent impressions are more effective than one ten-cent impression.

Spasmodic advertising is the most costly. What would you think of a person rowing a boat who turned around every few strokes to see how far he had gone?

County Court.

O. B. Griesman, a native of Germany, appeared in court and declared his intention of becoming a citizen of the United States.

Ruggles' Camp Meeting.

CORRESPONDENCE OF THE BULLETIN.
RUGGLES' CAMP GROUNDS, AUGUST 2, 1891.
Sunday dawned a beautiful day, and everybody was astir early getting ready to see their friends coming into the camp ground.
At 6 o'clock we had prayer meeting, and at 9 o'clock experience meeting, conducted by Rev. Stratton.

At 10:30 o'clock a. m. the people began to assemble to hear Dr. Hartzell. He took for his text Phillip, second chapter, 12th and 13th verses. It was a sermon that will live long in the minds of all who heard him. The congregation sat and listened for one hour and twenty minutes, and a more quiet and attentive congregation never sat in any church at Maysville or anywhere else.

Professor Bloom gave us some fine music. Professor Strode gave a cornet solo, "Sweet Spirit, Hear My Prayer." And again he and Miss Hattie Hamilton played and sang "As Pants the Heart."

It was sweet music and well rendered.
Dr. Hanford preached at 3 o'clock from John, 13 chapter, 23rd verse. It was a grand sermon, though preached under difficulty, for Brother Hanford has been feeling badly for two or three days.

At the night services Brother Taulbee of Vanceburg preached from 2 Cor., 8 chapter, 9 verse. This was another good sermon and at its close, Dr. Hartzell made few remarks, which closed the services for the day.

We had some three thousand people on the grounds and the good behavior and the weather was all that could be desired.

Among the new arrivals are Rev. McNeeley, of Chester, Mrs. Minnie Mitchell, Alice Hanford and Brother Young, who has charge of the children's chapel. We have a liberal supply of doctors, those present being Dr. Ervin, Dr. Bowman, Dr. Wallingford and Dr. Burdick.

Mosquitoes of California.

Glowing accounts induced us to try the southern mines, and a passage to Stockton was secured on an old tub of a schooner at the rate of three ounces of gold, or thirty-six dollars per head. The deck was crowded with men of every nationality. The rolling hills, tawny and flecked with green trees, bounding the bay of San Francisco, Suisun and San Pablo, were novel and interesting. The very color of the earth, covered with wild oats or dried grass, suggested a land of gold. The sight was inspiring. But when we reached the mouth of the San Joaquin our miseries began.

This river has an extraordinarily tortuous course, almost entirely through tule or marsh lands, that in 1849 produced bushels of voracious mosquitoes to the acre. I had never known the like before. It seemed as if there was a stratum of swarming insect life ten feet thick over the surface of the earth. I corded my trousers tight to my boot legs to prevent them from pulling up, donned a thick coat, though the heat was intolerable, shielded my neck and face with handkerchiefs and put on buckskin gloves, and in that condition parboiled and smothered. In spite of all precautions our faces were much swollen with the poison of numberless bites.

To escape the hot sun we took refuge below deck, and to drive away the pests a smudge was made on some sand in the bottom of the boat, which filled the hold almost to suffocation. The mosquitoes were too ravenous to be wholly foiled by smoke. I think I never endured such vexation and suffering. Sleep was impossible. The boat had to be worked by hand around the numerous bends, and half the time the sails were useless for want of wind. It was a burning calm in the midst of a swamp. But even in our distress there was a humorous side, provoking grim smiles at least.—E. G. Waite in Century.

How Soundings Are Made.

To get correct soundings in deep water is difficult. The best invention for that purpose is a shot weighing about thirty pounds, which carries down a line. Through this shot or sinker a hole is drilled, and through the hole is passed a rod of iron which moves easily back and forth. At the end of the bar a cup is dug out, the inside being coated with lard. The bar is made fast to the line, a sling holding the shot in position. When the bar, which extends below the shot, touches the bottom the sling unhooks, and the shot slides downward and drives the lard coated cup into the sand at the bottom. In that way the character of the ocean's floor is determined.—St. Louis Republic.

Three Ways of Putting It.

Harry came in from his play roaring like a little bull of Bashan. He cries so often and so easily that little anxiety is felt when he is heard screeching his hardest. On this occasion his mother said:

"Well, well, Harry, what now?"
"Oh, I have skint my knee."
"Skint it, Harry?"
"Oh, yes, yes! I was walking along and I fell down, and when I got up my knee was all skint up! Just see how it is skinted!"—Detroit Free Press.

Dog-Day Drollery.

The hounded man usually goes to the dogs.—Pittsburg Post.
Birds never quarrel over a difference of a pinion.—Yonker's Gazette.

A man who is short should never go his whole length on a horse race.—Chicago Tribune.

A person who sits down on a tack is likely to rise on the spur of the moment.—Binghamton Republican.

A rather unsteady man was heard to declare that the genuine old Virginia reel is a mint julep.—Washington Star.

The latest humanitarian proposition is to chloroform criminals to death. While this may not be a practical it is certainly an aesthetic way of settling the business.—Philadelphia Times.

Children Enjoy

The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative and if the father or mother be costive or bilious the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle.

Not to be out of fashion, the lawns now wear their summer hose.—Detroit Free Press.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

RUGGLES' CAMP MEETING.

The time for holding the meeting on these well improved and beautiful grounds will be from July 30 to August 10. Eminent clergymen will be present—men of learning and popular talent. Among them will be Rev. Dr. Hartzell of New York, of the Southern Educational Society, and Rev. Dr. Robinson, D. D., of Union Church, Covington. All other ministers of the district are expected to be present. The Children's Chapel will be in charge of Rev. J. S. Young, of Nicholasville. Professor W. G. Bloom and L. G. Strode will have charge of the music, assisted by a splendid choir. The privileges have all been rented to responsible persons—hotel and stables to Geo. W. Dale; confectionery to Plummer & Cadwallader; baggage and barber shop to John Tegner. Omnibuses connecting with boats and trains under control of Politt & Barbour; fare, 50 cents. Admission, 10 cents. Anyone too poor will be admitted free. Rev. Amos Boring, Presiding Elder, will have charge of the meeting. Captain Heflin and W. B. Dawson, of Maysville, will see that good order is maintained. Any one desiring rooms or cottages write I. M. LANE, Maysville, Ky.

ALMOST UNANIMOUS

Is the Vote Here for the New Constitution—The Election a Quiet One.

The election to-day is unusually quiet. There are four State tickets in the field, but the Democratic and Republican are the only ones that are polling any votes. In precinct No. 2, one vote had been polled at 10:30 for Harris, Prohibition nominee for Governor. Erwin, the People's party nominee, is not in it at all, so far as heard from.

Dr. Frazee, Democratic nominee for Representative, has no opposition, and a great many Republicans are complimenting him with their vote.

The vote on the new Constitution is almost unanimously in favor of it so far as heard from. At 10:30 a. m. only twenty-six votes had been polled against it in this city.

In Maysville precinct No. 1 at 10:30 a. m. the vote stood as follows:

Brown.....188
 Wood.....118
 For the Constitution.....296
 Against the Constitution.....13

In precinct No. 2 the vote was:

Brown.....125
 Wood.....64
 Harris.....1
 For the Constitution.....178
 Against the Constitution.....13

In precinct No. 1 there is a spirited contest for Constable between George Newdigate, W. B. Dawson and R. H. Pollitt, Jr. The vote at 10:30 a. m. stood as follows:

Dawson.....144
 Newdigate.....123
 Pollitt.....38

When Mr. George R. Gill left Washington this morning the vote at that place was unanimous for the new Constitution.

At Helena at 11 a. m. the vote stood:

Brown.....15
 Wood.....15
 Erwin.....2
 For the Constitution.....29
 Against the Constitution.....0

Wood was running a little ahead of his ticket.

At Mayslick at 11 a. m. the vote stood:

Brown.....55
 Wood.....53
 For the Constitution.....91
 Against the Constitution.....16

MESSRS. S. L. COSLER, of Dayton, O., and R. K. Vangaasbeck, of Troy, N. Y., are now connected with the Cannon Laundry.

ELDER W. C. THARP has resigned the pastorate of the Versailles Christian Church. His connection with the church will discontinue after October 16 and from then until January 1st he will enter the evangelistic field.

REGULAR meeting of Confidence Lodge No. 52, F. and A. M., this evening at 8 o'clock. A called meeting will be held Tuesday, beginning at 3 p. m. Work in third degree. All Master Masons in good standing invited. Grand Master Fisk will be present.

GEORGE SCHWARTZ, W. M.

GEO. W. SULSER, Secretary.

MR. JAMES LITTLE, one of the pioneers of Bracken County, died Friday at Johnsville, at the age of eighty-one years. It is said he made the first tobacco-screw put up in Kentucky. He was the father of ten children, all of whom survive him but one. Among them is Mr. J. V. Lytle, formerly of this city. He leaves quite a number of relatives in this county. While preparations were being made for the burial yesterday, his granddaughter, Miss Elva Lytle, daughter of Dr. Lytle, was suddenly taken ill and died in a few minutes.

Important Mail Change.

In order to better accommodate Maysville business, Postmaster Davis has arranged an important change in the service via Kentucky Central Railroad. Beginning to-day, the pouch exchange with Winchester is discontinued on the morning and afternoon trains, and the morning train will hereafter bring pouches from Paris and Carlisle. The afternoon train, which formerly carried mail from Maysville to Flemingsburg, Hillsboro, Lexington and Winchester only, will now carry into Flemingsburg, Hillsboro, Carlisle, Paris and Lexington. This is in line with the policy of the Department to give the people the best service possible.

Here and There.

Mrs. John G. Conkey and mother, Mrs. Reeder, of Kansas City, are here on a visit to Mr. and Mrs. George Cox and other relatives.

Mr. Thomas Fleming, of Fort Scott, arrived yesterday on a visit to relatives in this city and his father, Dr. Fleming, of Elizaville.

Mr. Charles Clarke, who had been the guest of the family of Mr. John O'Donnell for several days, returned to his home in Chicago yesterday.

Mrs. Barbee, of Washington C. H., O., accompanied by her granddaughter, Lizzie Barbour Alderson, is visiting Mrs. H. H. Collins at "Maple Grove."

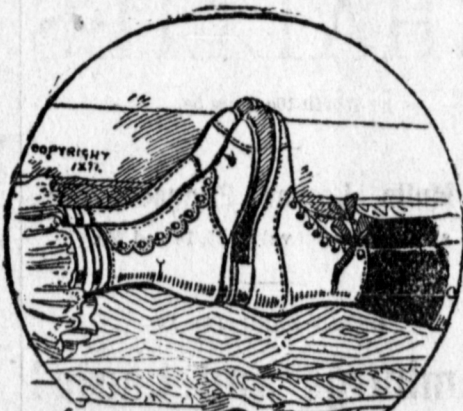

Mr. Thomas W. Wheatley, who has been absent for some time in the interest of James H. Rogers & Co., is spending a few days at home with his family.

Mrs. Chas. Brown and family, Mrs. Annie Wadsworth and daughter, Miss Lucy, passed through Maysville Friday, enroute to Esculapia, to spend several weeks.

Messrs. John Day, John Newell, Joseph Davis and wife and Edward Whittington and sister left yesterday for Detroit, Michigan, to attend the G. A. R. encampment.

Misses Mary O'Hare and Sallie Kane arrived home last evening, after spending several weeks with relatives in Covington. They were accompanied home by Miss Mary Burns, of that place.

Miss Ida Bloom is being treated for her lameness at the Surgical Institute at Indianapolis. She is improving and her friends will be glad to learn the prospect is that she will be entirely cured.

A Town Totally Unprotected from the Mob.

TWO STATIONS ATTACKED.

Some of the Inhabitants Reported to Have Been Killed—Placards Being Posted as a Warning to Foreigners. Other Dispatches from Over the Ocean.

LONDON, Aug. 3.—Dispatches received from Foo Choo, China, state that rioting is imminent at that place, and the town is totally unprotected. Placards upon which are notices threatening foreigners have been posted in the public thoroughfares.

It is reported that the mission buildings at Yen Ping, province of Fo Kien, on the Min river, ninety miles northwest of Foo Choo, and at Foo Ning, in the same province, seventy miles northeast of Foo Choo, have been attacked by a mob. It is also said that some of the inmates of the mission buildings have been killed.

A Republican Movement.

LONDON, Aug. 3.—A republican movement in Portugal is active, and has gained strength from the sufferings of the unemployed at Lisbon and Oporto. A meeting of 5,000 workmen was held near Oporto the other day, ostensibly in relation to the financial stringency, but the men cheered loudly the names of leading republican agitators. The negotiations for the sale of Portuguese Africa to England have not served to increase the popularity of the ruling family, and the consummation of such an arrangement could hardly fail to result in revolution as the Portuguese take a high sentimental pride in their colonial possessions, and the lifting of an oppressive burden of debt would compensate for their loss. That it is part of England's plan to secure Portuguese Africa has long been apparent, and the Portuguese will be baited and harassed until they surrender the coveted territory.

Awaiting the War.

LONDON, Aug. 3.—The reception of the French fleet at St. Petersburg is watched at London even more closely than at Berlin, for it is felt that as France dislikes Germany, so Russia fears and hates Great Britain and that any alliance in which Russia is interested must have Constantinople for an objective point. The cordiality of Russia toward France has had the effect of making the British government anxious to prove that England is not unfriendly to the latter power and the visitor of the French fleet to Portsmouth will be made the occasion to show British hospitality and friendship for France, which, however, will not hide the fact that the British fleet is promised to Germany for the Baltic and to Italy for the Mediterranean, when the great war breaks out.

Shot His Little Brother.

LONDON, Aug. 3.—The twelve-year-old son of Herr Grossweck, a farmer near Wollin, Prussia, accidentally shot his five-year-old brother a few days ago, and at once disappeared. It is feared that he committed suicide in the river.

Thousands of Jews Coming Over.

HAMBURG, Aug. 3.—Five thousand and four hundred Russian Jews left this city the past week, most of them intending to go ultimately to the United States.

FROM A MOB.

Indianapolis Police Called on to Protect a Village's Trustees.

INDIANAPOLIS, Aug. 3.—A detachment of police has been called to the suburb of Haughville to protect the trustees from violence at the hands of enraged citizens. Notices have been posted on their doors declaring that they will be "dealt with" if they do not resign.

After reciting various charges against the trustees the notice says: "We can endure hardships, trials and troubles to shelter, feed and sustain our wives and little ones, who have toiled with us, hoping to see the day when the mortgages on our little homes are lifted, but before we will submit to see our homes go to fill the gluttonous pockets of Shylocks we will take the law in our hands; and God have mercy on your souls."

NEW YORK'S EXCISE LAW.

Mayor Grant Denounces It, Claiming There is Discrimination.

NEW YORK, Aug. 3.—Mayor Grant, in an interview, denounces the existing excise law. He says it discriminates among citizens, and, therefore, is wrong. If it is right for the hotels on Broadway and Fifth avenue to sell liquor on Sunday, he says, it is right for the hotels on First avenue and along Tenth avenue to do the same. A law should be passed which can be enforced. It would require a police force ten times the size of the present one in New York city to enforce the law in vogue here.

Died of Hydrophobia.

SAGINAW, Mich., Aug. 3.—Morris Godfrey, the 17-year-old boy afflicted with hydrophobia, as the result of a dog bite on July 4, died yesterday in great agony. He was conscious between fits of raving until an early hour yesterday morning, when the spasm increased in length and violence, finally producing death. From the first he called for water, but no sooner was it brought than he was seized with convulsions, and he was unable to take a drop. A dog bitten by the same animal that attacked Godfrey is now sick and, with the offending brute, has been shut up and will be used by physicians to experiment on.

Texas Fever in Arkansas.

ARKANSAS CITY, Aug. 3.—Texas fever has broken out among the cattle in this county, and over two score have already died. The people are greatly excited and have taken steps to quarantine. A number of small stock raisers and farmers will lose everything.

Poisoned by Eating Canned Salmon.

BOSTON, Aug. 3.—Joseph, Annie and Fred Willard, aged respectively 18, 13 and 11 years, living at 307 Federal street, were poisoned yesterday by eating canned salmon.

GOOD WORDS FOR THE INDIANS.

A Greater Portion of Them Self-Supporting, Says Commissioner Morgan.

WASHINGTON, Aug. 3.—"Just before his death, General Sherman was quoted as saying that we were supporting 300,000 paupers—meaning the Indians," said Indian Commissioner Morgan, just prior to his departure for Europe. "This statement was not correct. It is a fact of which probably you and a great many other Americans are ignorant that the great mass of American Indians are self-supporting."

"Many of the Indians are supporting themselves by farming. A great many others receive their support from the income which they derive from the sale of their lands to the government. The actual number of Indians receiving support from the government is comparatively small. The total number of Indian Indians is 57,960; and in this aggregate are included the Indians who receive only a part of their support from the government's hands. Some of these receive as little as \$2.60 a year. The number of Indians not receiving rations is 185,574."

"In my tour of the Indian agencies," said the commissioner, "I was amazed to see under what extraordinary disadvantages the Indians were laboring for their support. At Fort Hill found Indians cultivating country that was almost barren, for want of irrigation. The wheat was being trodden out by horses—the old method that our fathers used fifty years ago—and the women were winnowing in the most primitive fashion. The corn was ground between two stones. In fact there were no modern appliances, and the disadvantages under which the work was being done would have discouraged white men."

"I was amazed to see this and other evidences of thrift among the Indians. The Indian is not improvident. Among the Moquis in Arizona I found stores put by which, in some cases, would have lasted their owners two years. The Indian office is doing everything it can to educate the Indian farmer and with such success as will surprise a great many people who think they are well informed about the condition of the Indian."

At the institute at Genoa, Neb., we have a school farm of 320 acres, of which twenty acres are used for school purposes and the balance for farming. In addition we have rented 120 acres and we have 320 acres under cultivation in addition to thirty acres of hay land. In 1890 this farm and the shops attached to the school produced grain, cattle and horses, etc., of a value of \$7,356.50 and the estimated production for 1891 is \$12,775.20. At the Chillico school in Indian Territory we have a vacation farm with 240 acres in wheat and 130 acres in oats, and we produce about 700 tons of hay."

Indians Are Not Aliens.

The commissioner's efforts to make farmers of his Indian charges led to a controversy with the laboring men of Norfolk, Neb., in June last, which was rather comical in some of its features. Under an arrangement with the Oxnard Beet Sugar company, of Grand Rapids, Neb., the boys from the Grant institute were put to work in the beet fields wedding. The laboring men of Norfolk held a meeting and adopted resolutions protesting against the employment of "Indians or any other alien labor."

Commissioner Morgan answered: "Indians are not aliens, and are the only genuinely native Americans, and they are certainly entitled to earn their daily bread by their labor if any class of people upon this continent is." This reply silenced the laboring men of Norfolk, and no further objections were raised to the employment of the Indians.

STARTLING CONFESSION.

Thirteen Men Arrested for Assisting Another to Commit Murder.

PETOSKEY, Mich., Aug. 3.—The prosecuting attorney of Presque Isle county Saturday issued warrants for the arrest of thirteen men, whom William Repke claims assisted him to murder Albert Molitor and his clerk, Ed Sullivan, of Rogers City, sixteen years ago. The confessor, Repke, is already in prison. The men are well known and some of them hold public offices.

Molitor was a natural son of old King William, of Wurtemberg, and came to this country when quite young, being banished for trying to steal a plan of the fortifications at Uhlau. After coming here he enlisted in the army and soon rose to a place on General Siegel's staff. After the war he went to Detroit, married and formed a partnership with a man named Rogers. They came to this county, and started a mill and importing Germans and Poles to work it.

The burning of the mill caused Rogers to draw out. He left Molitor without money. By his influence with the Germans, Molitor got himself elected treasurer of the county, and it is said that by manipulating the money and juggling with the funds, rebuilt the mill and acquired a great deal of money. He refused to make any accounting and ruled the people with a rod of iron, bringing upon himself, so many people say, the fate he met.

THE JULY COINAGE.

Over 9,000,000 Pieces Coined and Worth \$2,899,000.

WASHINGTON, Aug. 3.—The total coinage executed at the mints of the United States during the month of July was 9,009,000 pieces of all kinds valued at \$2,899,000. Gold valued at \$1,600,000 was coined into 101,000 pieces; \$76,000 standard silver dollars and 2,000,000 dimes were also coined, the silver coinage amounting to \$1,176,000. The minor coinage amounted in value to \$123,000, consisting of 1,572,000 five-cent pieces and 4,340,000 one-cent pieces.

Ran Into by a Wild Engine.

ST. JOHNSBURY, Vt., Aug. 3.—A through freight train was run into at noon yesterday on the St. Johnsbury and Lake Champlain railroad near Danville by a wild engine. Engineer Lerte, of the wild engine, had his leg and arm broken and received internal injuries and burns. Engineer Leonard, of the freight, was badly burned. A brakeman was thrown from the track and slightly hurt. The wild engine and tender was backing down a grade. The tender was demolished and the engine of the freight wrecked.
